POOL DOCKS

WARNING

LEAD SHOT

The lead shot contains lead and other substances which may be harmful.

- Do not take internally
- Do not smoke, eat or drink while handling
- Wash hands after each exposure
- Wear rubber or vinyl gloves for added protection
- Keep out of reach of children

Once the lead shot is permanently sealed in the PVC tubing, there is no hazard unless the PVC tube is cracked or broken.

PVC CEMENT

Read and follow instructions on the can

- Avoid breathing vapors
- Only use outdoors or in well ventilated area
- Do not smoke, eat or drink while handling
- Wash hands after each exposure
- Wear rubber or vinyl gloves for added protection
- Keep out of reach of children

SUPPLIES

Can be purchased at most building supply or hardware stores

1. 1" diameter **thin-wall** PVC tubes (Not Sched 40). Usually sold in 10ft lengths
 - Short Tubes (8.5") = 14 pieces; Long Tubes (12") = 10 pieces
2. 1" PVC end caps (2 for each tube)
3. General purpose PVC adhesive (small can)
4. Ruler
5. Saw to cut PVC
6. Tray with lip around edges - to contain the loose Lead Shot when filling tubes
7. Small funnel to help fill PVC tubes
8. Paper filling sleeve - 3" x 4" (roll up and insert into top of tube)... only 1/2" above tube

Lead Shot:

Purchase through www.RotoMetals.com

Best is #9 shot - smallest size shot to pack greatest quantity inside PVC tube

Sold in 10lb and 25lb bags

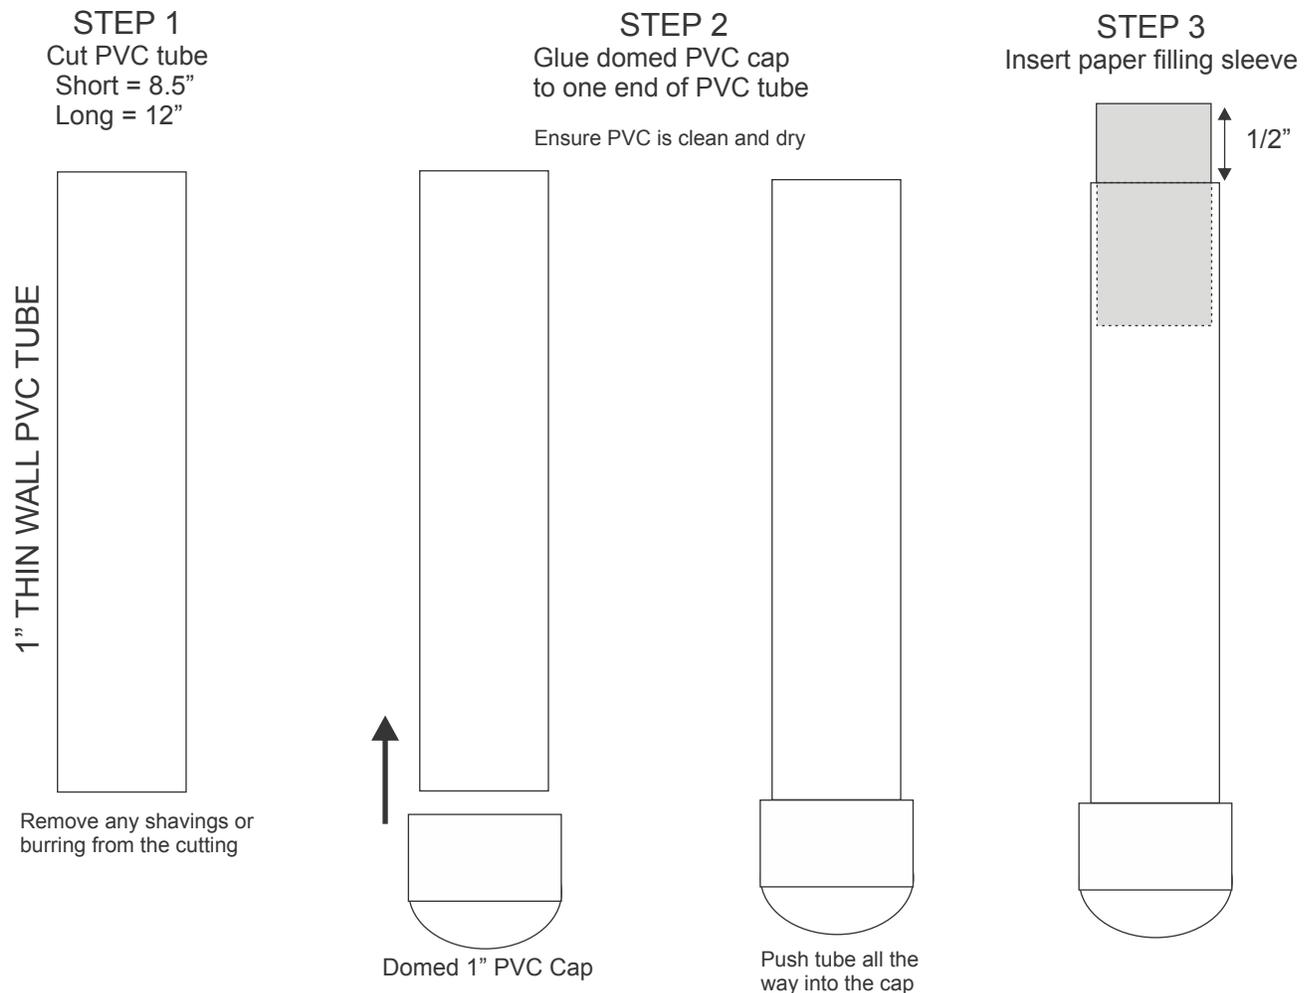

Short Tube = 1/2 cup = 2.5 lbs

Long Tube = 1 cup = 3.75 lbs

Snap Clamps:

Purchase through www.Snapclamp.com

Order: ABS 4" x 1 1/2" Type 15 Standard Grip

SNAP CLAMP

www.snapclamp.com
ABS 4" x 1 1/2" Type 15 Standard Grip

OPTION
To reinforce the clamp connection, use 2 or 3 Stainless Steel screws.

#8 x 3/16"

1. Pre-drill pilot holes
2. Use PVC adhesive to seal

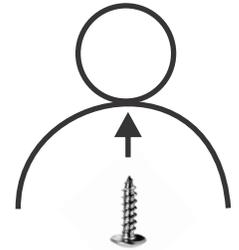

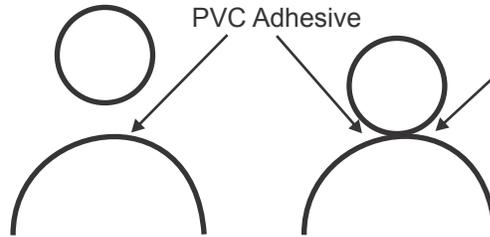

STEP 1

Sand top of clamp to make it a bit flatter for better adhesion

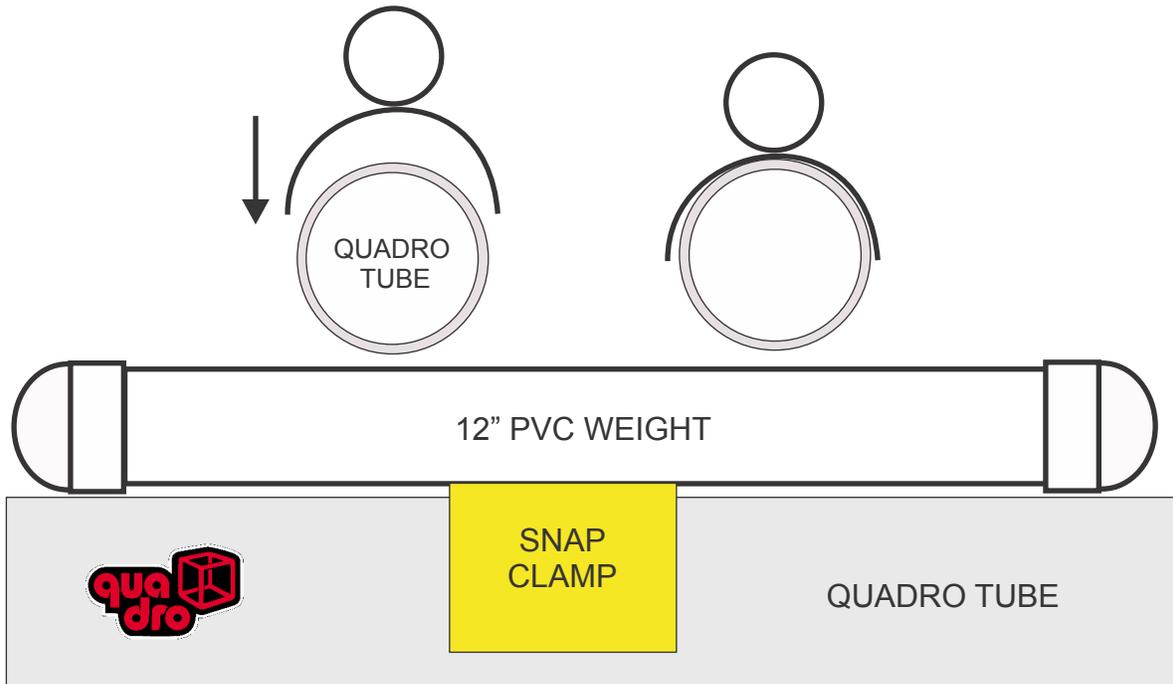

STEP 2

Glue PVC tube to the clamp. Add extra adhesive to either side of the connection.

STEP 3

Place PVC/Clamp assembly over the QUADRO tube and push down until it snaps into place

STEP 4

To remove, gently pull up on the assembly until the clamp releases from the QUADRO tube
