

SAFETY RULES

PhunZone's primary consideration is childrens' enjoyment and safety. These safety guidelines must be read by anyone assembling, supervising or using a *PhunZone* play structure system.

1. Assembly

- a.. Ensure all play structures are assembled and tested by "responsible" adults according to our instructions and safety standards;
- b. Follow all assembly instructions to the letter - no shortcuts;
- c. Where applicable, follow the recommended ASTM standards, CPSC guidelines and ADAA law for layout, use zone and for surfacing;
- d. Ensure proper placement of the play structure (do not place on un-level or unstable surfaces or in areas of high sustained heat);
- e. Play structures must be set up on appropriate safety surface material (see Play Area Surfaces);
- f. Do not use the Phunzone play structure together with any other playground product;

2. Operations

- a. Always have responsible supervision when kids are playing on playcenters;
- b. Do not leave play structure in an area were vandalism can result in broken or missing parts;
- c. Children play on play structure at their own risk;
- d. Do not use the play structure for purposes for which it was not intended;
- e. Do not exceed the recommended number of children playing on the structure;
- f. Do not exceed the recommended weight limit of each child on the platforms (110 lbs);
- g. Do not allow play on a play structure which has been tampered with or vandalized;
- h. Do not allow any flame or high heat product near the play structure;
- i. Do not allow play when the play structure surface reaches temperatures of 140 degrees F.

3. Maintenance

- a. Regularly inspect the play structure for loose, broken or missing components;
- b. Periodically clean the play structure with plenty of warm water and mild detergent. Do not use harsh detergents or scrubbing compounds or abrasive materials.

**Not observing these rules may not only be hazardous to kids,
but will also automatically void any product warranty.**
