

## Playcenter Instructions Structure Assembly

### P A N E L S - S T E P S

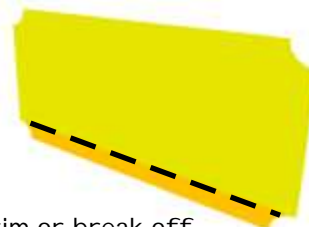

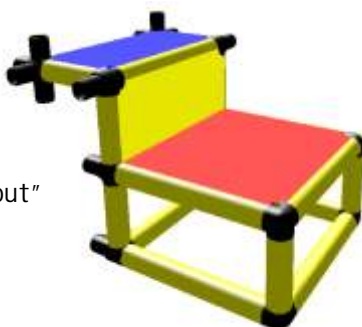

20cm x 40cm panels are used to prevent "Head Entrapment".  
Not required at "ground level"

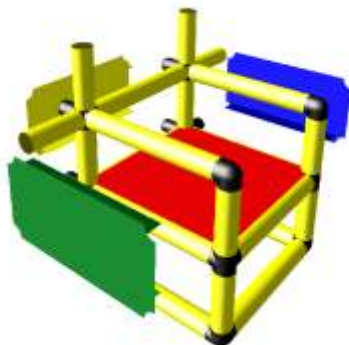

Smooth side "out"

#### Single Panel

20x40cm panel has one pre-scored edge which can be folded (or cut off) to make a better fit. Recommend that the scored part be on the "lower" part

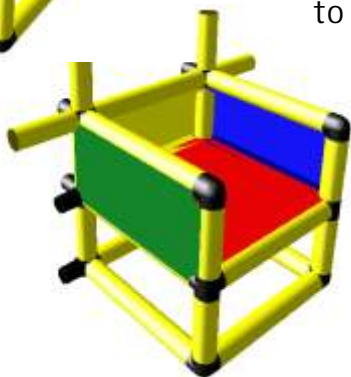

Trim or break off  
bottom edge

#### Multiple Panels

If more than one 20x40 panels close off around a step panel, the smooth side should face out.

The 15cm corner tubes will have extra 90 degree holes to accommodate 2 panels locking in to one tube
